

RURAL VACCINATION SITE SCHEDULE

Revised May 5, 2022

This document includes locations and schedules for COVID vaccination and testing sites throughout rural Nevada. When you schedule your appointment, make sure you will be available for your 2nd dose 21 days (Pfizer) or 28 days (Moderna) later. The following vaccination sites are listed by zip code and date.

LONG-TERM SITES (RECURRING) SITES:

Long-term, recurring sites are those where vaccinations are conducted at the same location for longer durations on a regular schedule.

SHORT-TERM "POP-UP" SITES:

Short-term "pop-up" sites are those where vaccinations are conducted at a location for shorter durations and not on a regular, recurring schedule. These sites are at smaller facilities (local supermarkets, libraries, community centers, etc.) and ensure residents have access to a site located in their neighborhood.

PHARMACY SITES:

These sites are those where vaccinations are conducted at a pharmacy location.

LONG-TERM SITES

The sites below are offering vaccinations on a regular, recurring schedule.
The recurring dates and times available at each site vary by location.
